Introduction

1.1 Twenty Point Programme - 2006

1.1.1 Alleviation of poverty and improving the quality of life of the people, especially of those who are below the poverty line, has been the prime objective of planned development in the country. Over the years, the meaning of economic development has shifted from growth in per capita income to the expansion of opportunities. The government, through various programmes/schemes, is helping its citizens to expand their capabilities. In order to achieve these objectives, package of programmes comprising schemes relating to Poverty Alleviation, Employment Generation, Education, Health, etc., called the Twenty Point Programme (TPP), has been in operation since 1975. In view of the changing scenario of the country over the years, the programme has been restructured thrice - in 1982, 1986 and 2006. The present programme now called Twenty Point Programme-2006 (TPP-2006) is in operation since April 2007.

1.1.2 TPP-2006 has various points/items for the benefit of both the rural and urban people, taking cadre of all the requirements of the deprived and adversely affected population. TPP-2006 has 20 Points covering 65 items. These 65 items coincide with various programmes and schemes of the government which are administered by the Central Nodal Ministries/Departments and by and large are implemented through the State Governments/UT Administrations. The Ministry of Statistics & Programme Implementation has been given the responsibility of monitoring all the 65 items, of which some are reported on quarterly basis, and the others on annual basis. The details of 20 Points covering 65 items, the parameters under these 65 items, names of the nodal agencies and the frequency of reporting are available in *Annexure-1*.

1.2 Monitoring Mechanism

1.2.1 In order to effectively monitor the Twenty Point Programme, this Ministry has developed a Management Information System (MIS). The Management Information System (MIS) consists of a Quarterly Progress Report (QPR) and an Annual Report. The Quarterly Progress Report (QPR) covers monitoring of achievements in respect of the 9 crucial items (containing 14 parameters) against pre-set physical targets, whereas the Annual Report presents an analytical review of the performance of all the 65 items under the programme. The sources of information for the Annual Report are the Central Nodal Ministries and the State/UT Governments.

1.2.2 All the States and the Union Territories of the country have a monitoring/evaluation unit under a nodal Department, which has been entrusted with the responsibility of monitoring all schemes/items covered under the Twenty Point Programme. The units have functionaries at block and district levels, to monitor and collect information for the different schemes of the Twenty Point Programme.

1.2.3 Besides the monitoring done at the state level, individual scheme/ programme covered under TPP-2006 are also monitored by the Central Nodal Ministries concerned. The charter of this Ministry is to monitor the TPP-2006 as a whole in a holistic manner with a view to enhance its effectiveness.

9.3.2 Routine immunisation comprising of DPT, Polio, BCG and Measles- Children

Immunised: There are three main systems to measure full immunization coverage:

1. Online web-based Health Management Information System (HMIS) portal wherein administrative coverage is being reported through health facilities across the country. As per HMIS data for 2017- 18, the full immunization coverage of the country stands at 86.7%.
2. Periodic surveys like National Family Health Survey (NFHS), District Level Household Survey (DLHS), Rapid Survey on Children (RSOC), Integrated Child Health and Immunization Survey (INCHIS) etc. As per the latest available survey, which is NFHS-4 conducted in 2015-16, the full immunization coverage in the country stands at 62%.
3. Concurrent monitoring of the UIP is conducted through session as well as community monitoring. As per concurrent monitoring data, the full immunization coverage in the country stands at 83%.

9.3.3 Pulse Polio Immunisation Programme - Children Immunised: Till March, 2019, around 8.89 crore doses of IPV have been administered to children across the country since its introduction.

The total number of cases and number of affected districts during past 10 years is as below:
