THE NATIONAL SAMPLE SURVEY : 25TH ROUND

SUB-ROUND III : JANUARY - MARCH 1971

NUMBER _____

TIME DISPOSITION AND WAGE RATE FOR ECONOMICALLY
WEAKER SECTION OF THE RURAL POPULATION OF INDIA

1. This is the third part of the report on time disposition and wage rate for the weaker section of the rural population in India^{1/}. The weaker section, by definition, is composed of the population belonging to (a) rural small cultivator households and (b) rural non-cultivating wage earner households. In this report, the results relating to the weaker section surveyed in the third sub-round (January-March 1971) of the 25th round of NSS have been presented.
2. The technical details of the survey on the 'economically weaker section' has been elaborately discussed in the first report of the series containing the results of the first sub-round.
3. Separate tables for states and Union Territories relating to small cultivator households (schedule 16.1) and non-cultivating wage earner households (schedule 16.2) have been presented in this report. The results presented here relate to central sample data.

^{1/} The first part, NSS D 230/1, based on the results of the first sub-round and the second part, NSS D 242, containing the results of the second sub-round were released in December 1972 and October 1973 respectively. The present report is a revised version of NSS D 245 (December 1973) containing results of the third sub-round.

National Sample Survey : 25th Round

Sub-round III : January - March 1971

TABLE (O) : DISTRIBUTION OF SAMPLE VILLAGES AND HOUSEHOLDS BY STATE

state	number of sample villages	number of sample households	
		schedule 16.1	schedule 16.2
(1)	(2)	(3)	(4)
1. Andhra Pradesh	168	191	89
2. Assam	90	114	50
3. Bihar	192	302	144
4. Gujarat	90	165	310
5. Haryana	35	41	17
