Preface

The Monthly Abstract of Statistics presents key statistical data pertaining to various facets of the Indian economy and has a standing of over 59 years. The subject coverage is reviewed periodically and attempts are made to improve it, keeping in view comparability and continuity.

The publication includes some charts to bring out the seasonality, if any, of the monthly series. Efforts have been made to improve the presentation and enhance readability.

A list of priced publications of Central Statistical Organisation (CSO) has also been appended.

Suggestions for further improvement of the publication are most welcome.
